

# **DIAL**

## **Tumbler High Pressure Waterblaster**

**POWER & PERFORMANCE AT AN ECONOMICAL PRICE!**

**SUPER HOT, HIGH PRESSURE,  
AQUEOUS CLEANING**

### **SOME APPLICATIONS**

- HEAVY DUTY TRUCK BRAKE SHOES
- CLUTCHES
- WATER PUMPS
- ALTERNATORS

**Model WBT-11 High Pressure  
Tumbler Waterblaster**

### **WHY A HIGH PRESSURE TUMBLER WATERBLASTER?**

- Super fast cleaning due to combination of high pressure, chemical, heat, and the scrubbing action of the parts themselves.
- Great for replacing solvent degreasers.
- Recirculation of the solution preserves heat, chemical, and water.
- Eases waste disposal problems and greatly enhances the "in house" environment.
- Machine insulation reduces thermal recovery time and greatly reduces operating costs.
- Automatic timer allows the machine to turn on and off allowing it to be ready when you are.
- Cycle timer allows the operator to set it and go back to work
